Japan

At Christian Academy in Japan, you will get to...

Equip students to impact the world for Christ. Our world needs Christians who will take action for Christ. At CAJ, you will help students gain the knowledge and skills they need to take action and to pursue further education. Over 80% of our graduates attend college.

Work with students and staff from around the world. You will interact with students from over 30 countries and staff from over 10 countries. You will learn about new cultures, enlarge your vision of God's people and gain new perspectives on life and learning — and you will get to experience living in Japan.

Be part of a caring Christian community. You will make life-long friends, pray with colleagues, have a network of mentors and get the encouragement you need to succeed.

Grow professionally. We will help you improve in educational best practice. We will assist you in guiding students to connect God's world and his Word. How? We will offer the opportunities, funding and collaborative environment you need to grow professionally.

Carry out the Great Commission in Japan. You will disciple some of the next generation of Christians in Japan and support the ministry of over 40 missions. You can support a local Japanese church and assist with outreach.
